

The Original of this Survey has been given to the Land Office, Hall of Records, Annapolis, Maryland; and a photo copy to the Library of Congress. The original was found many years ago among old papers at "River View" the old home of my grandfather, Albert Burch. The Survey perhaps was made as early as 1740. The will of one of the named defendants, Thomas Boulton, was dated and probated in 1745 and a photo copy thereof is on file at Annapolis. In his Will, the said Thomas Boulton mentions "Frog Hall", one time "Bollingwood". This Survey should be of interest to all persons holding title to land between Goose Creek Creek and Saint Patrick's Creek, a part of Saint Clements Manor granted to Dr. Thomas Gerrard.
